Re: Bisphenol A

Dear Valued Customer,

In recent weeks there has been much discussion regarding the impact to humans of products containing Bisphenol A (BPA).

This notice is to inform you that to the best of our knowledge the products you purchase from PPC Industries Inc. do not contain Bisphenol A as a component of the resin.

PPC Industries Inc. has contacted all our resin suppliers, and received confirmation that Bisphenol A is not intentionally added nor a specified component of their resins. PPC Industries makes no intentional additions of any components containing Bisphenol A in the manufacture of the products you purchase.

Should you have further questions regarding this issue, Please contact your PPC Industries Inc. Customer Service representative.

Best Regards

PPC Industries Inc.
